PHONE MAYO HEALTHCARE AT (098) 25879.**

### DOSING APPLICATOR

Each pack contains a rubber dosing applicator. Simply slide over the nozzle of a standard automatic dosing gun. Place pellet in opposite end of attachment. As the lamb is dosed (water or wormer), the liquid will force pellet out simultaneously. To view a video demo, go to [www.mayohealthcare.ie](http://www.mayohealthcare.ie) and play video.

### DOSAGE

Lambs – 1 Pellet  
Ewes – 2 Pellets  
Repeat if necessary at 6-8 week cycles.

### PRODUCT INFORMATION

Each pack contains 250 pellets.  
From as little as 23 cents per pellet.

**FREE DOSING APPLICATOR INCLUDED  
WITH EVERY PACK**
